Re: RoHS and ELV Declaration

To whom it may concern:

Rotor Clip Company provides parts in accordance with RoHS 3 Directive 2015/863/EU and 2011/65/EU, including the revised lead exemption framework established by Delegated Directives (EU) 2025/2364 and 2025/1802. We specifically monitor the transition of exemptions 6(a) and 6(b) to their respective sub-entries (6a-I, 6a-II, etc.) to ensure continued compliance through the 2027 expiry periods.

Please take note of Rotor Clip Company's part nomenclature as shown here. For the purposes of compliance, take note of the FINISH code. "PA" is an example of many different finish codes.

The following Rotor Clip Co., Inc. finishes **ARE NOT COMPLIANT**:

(ZD, ZDL, ZF, ZFL, HZD, HZDL, HZF, EZ, ZN, G, R, QS, MZD),

These are plated items that contain hexavalent chromium that may exceed 0.1% by weight of coating

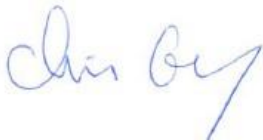

(CD, MCD)

These are plated items that contain Cadmium above 0.01% by weight of the coating

All other Rotor Clip parts **are compliant** with RoHS regulations, and do NOT contain substances restricted by the abovementioned EU directives. Any unfinished ring (no finishing code) or ring not containing any of the above finishes **does** conform with the RoHS / ELV (End-Of-Life) EU 2000/53/EC Directives as they currently stand. Please contact us for information on specific parts, as this will guarantee that the latest compliance information is given.

If further information is required, please contact the undersigned at the address shown below.

Sincerely,

rotorclip.com

Chris Gray
